Subject: RE: BERA GIS layers

Kristine,

We will coordinate with the LWG common consultants and get these to you as soon as practicable. I will contact you if we have any questions.

Thanks,

Jim McKenna

Subject: BERA GIS layers

Jim and Bob - EPA requests the GIS layers used to prepare the 2013 BERA Maps 6-28a and 6-28b (Benthic Weight of Evidence) to support the FS. The Comprehensive Benthic Risk Areas will be overlain on these BERA maps as part of an appendix describing the derivation of these areas. These GIS layers did not appear to be available on LWG's Portland Harbor portal.

Thanks,

Kristine Koch
